REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION

The Board of Directors
Al Mazaya Holding Company K.S.C.P.
State of Kuwait

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Al Mazaya Holding Company K.S.C.P. "The Parent Company" and its subsidiaries (the Group) as of June 30, 2020 and the related interim condensed consolidated statements of profit or loss, profit or loss and other comprehensive income, changes in equity and cash flows for the six months period then ended. Management of the Parent Company is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard 34, "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim financial information performed by the Independent Auditor of the Entity." A review of interim condensed consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34.

Report on other Legal and Regulatory Requirements

Furthermore, based on our review the interim condensed consolidated financial information is in agreement with the books of account of the Parent Company. We further report that, to the best of our knowledge and belief, we have not become aware of any violations of the Companies Law No. 1 of 2016 and its Executive Regulations, as amended, or of the Parent Company's Memorandum of Incorporation and Articles of Association, as amended during the six months period ended June 30, 2020 that might have had a material effect on the Group's financial position or results of its operations.

12. Significant events

Significant events represented in the continuation of Corona virus (COVID-19) to spread at an increasing rate since its outbreak in early 2020, when the World Health Organization declared it a global pandemic and recommended to take or adopt measures to contain and mitigate the outbreak around the world. These events affect the local and global economic climate, and all industries and business sectors are facing challenges related to economic conditions resulting from government efforts to address that pandemic.

The Group has considered whether any adjustments and changes in judgements, estimates and risk management are required to be considered and reported in the interim condensed consolidated financial information. Below are the key assumptions and measurments of main future estimates and the related significant risks that may arise and cause material adjustments material adjustments to the interim condensed consolidated financial information:

Impairment of non-financial assets

The Group had considered impairment indicators arising and significant uncertainties around its investment properties and properties held for trading, and had performed valuation exercise through accredited independent valuers to test its investment properties and properties held for trading for any impairment, which had resulted in losses from the change in fair value of investment properties and impairment for properties held for trading amounting to KD 2,068,356 and KD 280,997 respectively.

Expected Credit Losses ("ECL")

Local and foreign financial markets have exhibited a significant downturn and volatility. The Group had applied assumptions and estimates on the existing ECL model by applying probability weighted scenarios on the relevant macroeconomics factors relative to the economic climate of the respective markets in which it operates, which had resulted in incurring an allowance for expected credit loss amounting to KD 653,923.

Fair value of guoted and unquoted financial assets

Local and foreign financial markets have exhibited a significant downturn and volatility, resulting in the decline in fair value of quoted and unquoted equity investments held by the Group classified as "FVTPL" and "FVOCI" amounting to KD 82,390 and KD 1,202,623 respectively.

Investment in an associate

Local and foreign financial markets have exhibited a significant downturn and volatility, which impacted the markets where the associate operates and had resulted in losses from the share of associate's results during the period, but the Group had concluded that there are no indication for impairment in its investment in associate due to the quality of the associate's assets and its solid financial position which remains significantly unaffected and unchanged since December 31, 2019.

Going concern

The Group has performed an assessment on its ability to continue as a going concern in light of current economic conditions and all available information about future risks and uncertainties. The projections have been prepared to cover the Group's future performance, capital and liquidity requirements. The impact of Covid-19 may continue to evolve, but currently, the projections show that the Group has the required resources to continue in operations on a going concern, such position that remains significantly unaffected and unchanged since December 31, 2019. As a result, this interim condensed consolidated financial information has been prepared on a going concern basis.

The Group had concluded that no material adjustments are required for liabilities and other assets as of the accompanied financial information date. The management will need to carefully consider the measurement and recognotion requirements for impairment losses on the Group's assets in the future, as the extent and duration of the economic impact of those events remains uncertain, as it depends on future developments that cannot be accurately predicted at this time, such as the rate of virus spread and the effectiveness of the containment measures taken. Given the ongoing uncertainty for the related economic impact, a reliable estimate of the impact cannot be currently made, but it may affect financial information in future periods. The impact's magnitude and amount may vary according to the extent and period during which those events are expected to end along with their effects.
