Review report on the condensed interim financial statements To the Shareholders of Al Dhafra Insurance Company (P.S.C.)

#### Introduction

We have reviewed the accompanying condensed interim statement of financial position of Al Dhafra Insurance Company P.S.C. (the "Company") as at 31 March 2021 and the related condensed interim statement of comprehensive income, the condensed interim statement of changes in equity and the condensed interim statement of cash flows for the three-month period then ended. Management is responsible for the preparation and presentation of these condensed interim financial statements in accordance with International Accounting Standard 34 ("IAS 34") "Interim Financial Reporting". Our responsibility is to express a conclusion on the condensed interim financial statements based on our review.

#### Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements is not prepared, in all material respects, in accordance with IAS 34 Interim Financial Reporting.

#### 2 BASIS OF PREPARATION

### Statement of compliance

These condensed interim financial statements are prepared in accordance with International Accounting Standard ("IAS") 34 "Interim Financial Reporting".

The condensed interim financial statements do not contain all the information and disclosures required in the annual financial statements and should be read in conjunction with the Company's annual financial statements as at 31 December 2020. In addition, the results for the three-month period ended 31 March 2021 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2021.

The condensed interim financial statements have been prepared on the historical cost basis except for the investments carried at fair value through profit or loss, investments carried at fair value through other comprehensive income and investment properties.

### Use of estimates and judgements

The preparation of these interim condensed financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing these interim condensed financial statements, the significant judgements made by management in applying the Company's accounting policies and the key sources of estimation and uncertainty were the same as those that were applied to the financial statements as at and for the year ended 31 December 2020, except for the adoption of new standards and interpretations effective 1 January 2021.

# Notes to the condensed interim financial statements (continued) For the period ended 31 March 2021

### 2 BASIS OF PREPARATION (continued)

However, the Company has reviewed the key sources of estimation uncertainties disclosed in the recent annual audited financial statements against the backdrop of Covid-19 pandemic. Management believes that all sources of estimation uncertainty remain similar to those disclosed in the recent annual audited financial statements. Management will continue to monitor the situation and any changes required will be reflected in future reporting periods.

### Impact of COVID-19

In response to the spread of the Covid-19 where the Company operates and its resulting disruptions to the social and economic activities in those markets, the Company management has proactively assessed its impacts on its operations and has taken a series of preventive measures, including the creating of a business contingency plan, to ensure the health and safety of its employees, customers and wider community as well as to ensure the continuity of its services throughout the market. The business operations of the Company currently remain largely unaffected. Based on these factors, the Company management believes that the Covid-19 pandemic has had no material effects on the reported condensed interim financial statements as at and for the three-month period ended 31 March 2021.
