Report on the Consolidated Financial Statements

Disclaimer of Opinion

We were engaged to audit the consolidated financial statements of Al Firdous Holdings (P.J.S.C.) and its subsidiary (together referred to as the "Group"), which comprise the consolidated statement of financial position as at March 31, 2024, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in shareholder's equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements including material accounting policy information.

Because of the significance of the matters descried in the basis for disclaimer of the opinion paragraph below, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, accordingly, we do not express an opinion on the consolidated financial statements of the Group.

Basis for Disclaimer of Opinion

a) Receivable on sale of the investment portfolio

As disclosed in note 6 to the consolidated financial statements, the amount of AED 326,789,701 (31 March, 2023: AED 326,789,701) is due from Islamic Arab Insurance Co. Labuan, Malaysia, being the consideration for the sale of the Group's subsidiary, AI Firdous Group Co. Ltd. for Hotels, and its Islamic investing and financing assets, collectively referred to as the "Investment Portfolio". This amount was due for settlement by March 31, 2011 but is still outstanding as of the date of these consolidated financial statements. The Board of Directors considers that the amount will be recovered in full on the eventual disposal of the assets by Islamic Arab Insurance Co. Labuan. However, we have not been provided with sufficient and appropriate audit evidence to support this conclusion. Accordingly, we were unable to determine the extent of provision, if any, that may be required against this receivable. The audit report on the consolidated financial statements for the year ended March 31, 2023 was also disclaimed in respect of this matter.

b) Advance against the purchase of property

As disclosed in note 7- a to the consolidated financial statements, an amount of AED 289,939,984 (31 March, 2023: AED 289,939,984) was advanced through a related party for the purchase of land in Dubai. The related party has undertaken to secure the same amount of AED 289,939,984 by the assignment of properties to the Group with fair value not less than an equivalent amount. However, to date, no assignment of properties has taken place and we have not been provided with sufficient and appropriate audit evidence to support the recoverability of this amount. Accordingly, we were unable to determine whether any provision may be required against the advance for purchase of property. The audit report on the consolidated financial statements for the year ended March 31, 2023 was also disclaimed in respect of this matter.

Independent Auditor's Report for Al Firdous Holdings (P.J.S.C.) and its subsidiary for the year ended March 31, 2024 (continued)

Emphasis of Matter

We draw attention to Exhibit-C to the consolidated financial statements. As stated therein, the Group has incurred a loss of AED 526,339 for year ended March 31, 2024 (March 31, 2023 AED 930,020) and has accumulated losses of AED 43,913,475 as at March 31, 2024 (March 31, 2023 43,387,136). Notwithstanding this fact, the consolidated financial statements of the Group have been prepared on a going concern basis as management believes that the future operations of the Group will be able to support its business and to meet its obligations as they fall due. Besides, the major shareholder has assured to continue the financial support during the year ended March 31, 2024 and has committed to do so in the foreseeable future.

Responsibilities of the Management and those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with IFRSs and in compliance with the applicable provisions of the Group's Articles/Memorandum of Association and the UAE Federal Law No. (32) of 2021, and for such internal control as management determines is necessary to enable the preparation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

We were engaged to conducted our audit in accordance with International Standards on Auditing ("ISAs"). However, because of the matters descried in the basis for disclaimer of the opinion section above, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the consolidated financial statements of the Group. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (the "IESBA Code") together with the ethical requirements that are relevant to our audit of the financial statements in the United Arab Emirates, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

Independent Auditor's Report for Al Firdous Holdings (P.J.S.C.) and its subsidiary for the year ended March 31, 2024 (continued)

Report on Other Legal and Regulatory Requirements

Further, we report that, except for the matters referred to in the basis of disclaimer opinion paragraphs:

- 1) we have obtained all information we considered necessary for the purpose of our audit.
- 2) the consolidated financial statements have been prepared and comply, in all material respects, with the applicable provisions of the UAE Federal Law No. (32) of 2021, and the Articles of Association of the Group.
- the Group has maintained proper books of account. 3)
- 4) the consolidated financial information included in the Directors' report is consistent with the books of account of the Group.
- 5) the Group has not purchased or invested in shares or stock during the year ended March 31, 2024.
- 6) Note 7 reflects disclosures related to related party transactions and the terms under which they were conducted.
- based on the information that has been made available to us, nothing has come to our 7) attention which causes us to believe that the Group has contravened during the financial year ended March 31, 2024 any of the applicable provisions of UAE Federal Law No. (32) of 2021 or of its Articles of Association which would materially affect its activities or its financial position as at March 31, 2024.
- 8) based on the information provided to us, no social contributions were made during the year.

AL FIRDOUS HOLDINGS (P.J.S.C.) AND ITS SUBSIDIARY DUBAI – UNITED ARAB EMIRATES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024 "All amounts are in U.A.E. Dirham unless otherwise stated"

1- LEGAL STATUS AND PRINCIPAL ACTIVITIES

Al Firdous Holdings (P.J.S.C.) (the "Company") is a public joint stock company registered on July 1, 1998 in Dubai, United Arab Emirates, according to Ministerial Decree Number 106 for the year 1998. The Company commenced its operation on October 22, 1998. The registered address of the Company is Boulevard plaza 2 – 14th floor – office 1402 and 1403 – Boulevard Shk Mohamed Bin Rashid – opposite to Burj Khalifa, P.O. Box: 35000, Dubai, United Arab Emirates.

Up to December 31, 2008, the Company operated as a Group consisting of the Company (the "Parent Company") and Al Firdous Group Co. Ltd. For Hotels, a company established in the Kingdom of Saudi Arabia (KSA) and involved in managing and operating hotels and restaurants in KSA and organizing Hajj and Umrah trips.

With effect from January 1, 2009, the Company sold its 100% owner subsidiary (Al Firdous Group Co. Ltd for Hotels) and its Islamic financing and investing assets with Al Massa Co. for Urban Development Jeddah, KSA (together referred as the "Investment Portfolio") for a consideration of AED 326,789,701.

On December 31, 2014, the Company incorporated a subsidiary, Yummy Chain Two L.L.C. The principal activity of the subsidiary is operating in the Emirate of Dubai. On November 6, 2019 the management decided to close the restaurant business operations to stop losses from these operations.

2- BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with applicable International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB), interpretations issued by the IFRS Interpretations Committee.

2.2 Basis of measurement

The financial statements are prepared under the historical cost convention.

2.3 Functional and presentation currency

The financial statements are presented in UAE Dirham (AED) which is the functional and presentation currency of the Group.

2.4 Use of estimates and judgments

In preparing these financial statements, management has made estimates and judgments that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognized prospectively.

In particular, information about significant areas of estimation uncertainty that have the most significant effect on the amounts recognized in the financial statements are as follows:

Going concern

Management has made an assessment of the Group's ability to continue as a going concern and is satisfied that the Group has the resources to continue in business for the foreseeable future. The Group is not profitable but it has positive net asset (equity) and working capital as at the year end. Furthermore, management is not aware of any material uncertainties that may cast significant doubt upon the Group's ability to continue as a going concern. Therefore, the financial statements continue to be prepared on a going concern basis.

AL FIRDOUS HOLDINGS (P.J.S.C.) AND ITS SUBSIDIARY DUBAI – UNITED ARAB EMIRATES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024 "All amounts are in U.A.E. Dirham unless otherwise stated"

Depreciation of property and equipment

Items of property and equipment are depreciated over their estimated individual useful lives. The determination of useful lives is based on the expected usage of the asset, physical wear and tear, and technological or commercial obsolescence, and impacts the annual depreciation charge recognized in profit or loss. Management reviews annually the residual values and useful lives of these assets. Future depreciation charge could be materially adjusted where management believes the useful lives and / or the residual values differ from previous estimates. No such adjustments were considered necessary at the end of the current year or the comparative year.

Impairment of property and equipment

The carrying amounts of the Group's property and equipment are reviewed at each reporting date to determine whether there is any indication of impairment. The determination of what can be considered impaired requires judgment. As at the reporting date, management did not identify any evidence from internal reporting indicating impairment of an asset or class of assets.

Provision for expected credit losses of trade receivables

The Group uses a provision matrix to calculate expected credit losses (ECLs) for trade receivables. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns (i.e., by geography, product type, customer type and rating, and coverage by letters of credit and other forms of credit insurance).

The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future.

Receivables from government entities are generally excluded from ECL calculation, as the Group considers those receivable balances are fully recoverable. Further, balances due from related parties, are also excluded from ECL calculation, as credit risk is considered to be nil based on the fact that these related companies are either directly or indirectly supported by the owners for any liquidity or financial crisis situations.

Provision for employees' end-of-service benefits

Management has measured the Group's obligation for the post-employment benefits of its employees based on the provisions of the UAE federal Decree Law no. 33 of 2021 regarding Employment Regulations. Management does not perform an actuarial valuation as required by International Accounting Standard (IAS) 19 "Employee Benefits" as it estimates that such valuation does not result to a significantly different level of provision. The provision is reviewed by management at the end of each year, and any change to the projected benefit obligation at the year-end is adjusted in the provision for employees' end-of-service benefits in the profit or loss.

Other provisions and liabilities

Other provisions and liabilities are recognized in the period only to the extent management considers it probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability require the application of judgment to existing facts and circumstances, which can be subject to change.

3- MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policy information applied in the preparation of the financial statements are set out below:

3.1 Basis of preparation

The consolidated financial statements have been prepared in accordance with applicable International Financial Reporting Standards (IFRS) issued by the International Accounting Standard Board (IASB), interpretations issued by the International Financial Reporting Interpretations Committee of the International Accounting Standard Board (IASB) and U.A.E. Company Law.

AL FIRDOUS HOLDINGS (P.J.S.C.) AND ITS SUBSIDIARY DUBAI – UNITED ARAB EMIRATES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024 "All amounts are in U.A.E. Dirham unless otherwise stated"

3.2 Accounting convention

- These consolidated financial statements are prepared under the historical cost convention, adjusted through the revaluation of some assets according to fair value as explained in detail in the following accounting policies and disclosures.
- The accounting policies have been consistently applied during the year and consistent with those applied during previous year, except for the adoption of new and revised standards and interpretation as explained in note 2.

3.3 Basis of consolidation

The consolidated financial statements comprise those of Al Firdous Holding (PSJC) (the "Parent Company") and its subsidiary (together referred to as the "Group"). The consolidated financial statements incorporate the financial statements of the Company and its subsidiary for the year ended 31 March each year.

A subsidiary is an entity over which the Parent has all the following:

- Power over the investee the Group has existing rights that give it the current ability to direct the activities that significantly affect the investee's returns.
- Exposure, or rights, to variable returns from its involvement with the subsidiary; and,
- The ability to use its power over the investee to affect the amount of the Group's returns.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee.
- Rights arising from other contractual arrangements.
- The Group's voting rights and potential voting rights.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and the non-controlling interests, even if this result in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the consolidated financial statements of subsidiaries to bring their accounting polices into line with the Group's accounting polices. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it derecognizes the related assets (including goodwill), liabilities, non-controlling interest and other components of equity while any resultant gain or loss is recognized in profit or loss.

The consolidated financial statements includes the financial figures for the Company and its subsidiary:

Subsidiary Principal activ		Country of incorporation	Ownership
Yummy Chain Two L.L.C	Operating restaurants	United Arab Emirates	100%

3.4 Financial instruments

Classification

The classification depends on the purpose for which the financial instruments were acquired. Management determines the classification of its financial instruments at initial recognition and reevaluate them every reporting date.

The Group has classified its financial instruments as follows:

Financial assets at fair value through statement of income

This category has two sub-categories financial assets held for trading and those designated at fair value through statement of income. A financial asset is classified in this category if acquired principally for the purpose of selling in the short term or if so designed by management.

Trade and other Receivables

These are non-derivative financial assets with fixed or determinable amounts to be collected that are not quoted in an active market. They arise when the Group provides goods and services directly to a debtor with no intention of trading the receivables.

Assets available for sale

These are non-derivative financial assets that are either designated in this category or not included in any of the above categories and are principally, those acquired to be held, for an indefinite period of time which could be sold when liquidity is needed or upon changes in rates of profit.

Payables and accruals

These are non-derivative financial liabilities. Liabilities are recognized for amounts to be paid in the future for goods or services received/rendered, whether billed by the supplier or not.

Recognition and de-recognizing of financial instrument

A financial asset or a financial liability is recognized when the Group becomes a party to the contractual provisions of the instrument. Financial asset (in whole or in part) is derecognized when the contractual rights to the cash flows from the financial asset expire or when the Company transfers substantially all the risks and rewards of ownership or when the Company has neither transferred nor retained substantially all the risks and rewards of ownership and when it no longer has control over the asset or a proportion of the assets. A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expired.

Measurement

Financial assets are initially recognized at fair value plus transaction cost for all financial assets not carried at fair value through statement of income. Financial assets carried at fair value through statement of income are initially recognized at fair value and transaction costs are expensed in the statement of income.

Subsequently, financial assets available for sale and at fair value through statement of income are carried at fair value and receivables and payables are carried at amortized cost using the effective yield method.

Realized and unrealized gains and losses arising from changes in the fair value of the financial assets at fair value through statement of income category are included in the statement of income for the period in which they arise. Changes in the fair value of financial assets classified as assets available for sale are recognized in equity, when available for sale financial assets are sold or impaired; the accumulated changes in fair value recognized in equity are included in the statement of income.

Middle East

AL FIRDOUS HOLDINGS (P.J.S.C.) AND ITS SUBSIDIARY **DUBAI - UNITED ARAB EMIRATES**

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

"All amounts are in U.A.E. Dirham unless otherwise stated"

The fair values of financial instruments traded in regular financial market are bases on last bid prices.

For other financial instruments that have no quoted market, the Group establishes a reasonable fair value estimates by reference to the current fair value of another instrument that is substantially the same, recent arm's length market transactions, using the expected discounted cash flow analysis, or other valuation methods. Assets available for sale whose fair value cannot be reliably measured are carried at cost less impairment losses, if any,

Impairment of financial assets

The Group assesses at each financial position date whether there is objective evidence that a financial asset or a Group of financial assets is impaired. In the case of equity securities classified as available for sale, a significant decline in the fair value of the security below its cost is considered as an indicator that the securities are impaired. If any such evidence exists for available for sale financial assets, the cumulative loss - measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognized in profit or loss - is removed from equity and recognized in the statement of income. Impairment losses recognized in the statement of income on equity instruments are not reversed through the statement of income.

A specific provision for impairment of receivables is established when there is objective evidence that the Group will not be able to collect all amounts of receivable. The amount of the specific provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, including amounts recoverable from guarantees and collateral, discounted at the effective rate of return. The amount of the provision is recognized in the statement of income.

3.5 Property and equipment

Property and equipment are stated at cost less accumulated depreciation and any impairment

Depreciation on the straight-line is provided at the following annual rates to write-off the cost of each asset over its expected useful life, as follows:

- Leasehold improvement 5 years - equipment and other assets 6-8 years - Furniture and fixture 5-8 years

Gain or loss on disposal is determined as the difference between the net sales proceeds and the carrying value of the assets, and is recognized in income statement for the financial year.

There is no significant change in any of accounting estimates during the year regarding property and equipment.

3.6 Trade and other receivables

Receivables are carried at invoice value on transaction date less any estimate for doubtful receivable, based on the review of all outstanding amounts at period-end. Bad debts are written off as and when identified.

3.7 Trade and other payables

Liabilities for payables are carried at cost, which is the fair value of the consideration to be paid in the future for goods received, whether or not billed to the branch.

3.8 Provisions for leave pay and indemnity

Provisions for leave pay and indemnity are computed in accordance with U.A.E. labour law no. 33 of 2021 and its amendments and as per the terms of employment contracts, and these provisions are not funded.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024 "All amounts are in U.A.E. Dirham unless otherwise stated"

3.9 Provisions

Provisions are recognized when the Group has a present legal or constructive obligation as a result of past event and the costs to settle the obligation are both probable and able to be reliably measured.

3.10 Revenues

Revenues are recognized to the extend, that it is probable that future economic benefits will flow to Group and revenue can be measured reliably.

The basis of revenue recognition of the sales is as follows:

Sales: The revenue is recognized on invoiced value of goods sold less returns and trade discount

3.11 Foreign currencies

Transactions in foreign currencies are translated into U.A.E. Dirham at rates of exchange prevailing on the date of the transactions.

Monetary assets and liabilities denominated in foreign currencies at balance sheet date are translated at exchange rates prevailing on that date. The exchange gains and losses, including foreign currency translation gains and losses are included in the Income Statement.

3.12 Cash and cash equivalents

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and bank balances.

4- FINANCIAL RISK AND CAPITAL MANAGEMENT

a) Financial risk management

The Group has exposure to the following risks from its use of financial instruments:

- Credit risk;
- Liquidity risk; and
- Market risk.

This note presents information about the Group's exposure to each of the above risks, the Group's objectives, policies and processes for measuring and managing risk. Further quantitative disclosures are included throughout these consolidated financial statements.

Management has the overall responsibility for the Group and oversight of the Group's risk management framework. The Group's risk management policies are established to identify and analyse the risks faced by the Group and to monitor risks. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities.

Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Group's exposure to credit risk is influenced mainly by the individual characteristics of each counterparty. The carrying amount of financial assets represents the maximum credit exposure.

Accounts and other receivables

The Group limits its exposure to credit risk from trade receivables by:

- evaluating the creditworthiness of each counter-party prior to entering into contracts;
- · establishing sale limits for each customer, which are reviewed regularly;
- establishing maximum payment periods for each customer, which are reviewed regularly; and
- periodically reviewing the collectability of its trade receivables for identification of any impaired amounts.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024 "All amounts are in U.A.E. Dirham unless otherwise stated"

As a result of the above, management believes that there is no significant credit risk on its trade receivables as presented on the consolidated statement of financial position.

Trade receivables do not bear interest. The Group does not require collateral as security in respect of its trade receivables.

Cash at bank

The Group's cash at bank is held with banks that are independently rated by credit rating agencies.

The Group's bank deposits are held with credit worthy and reputable banks with high credit ratings. As a result, management believes that credit risk in respect of these balances is minimal.

Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. Management's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates, will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

Currency risk

Foreign currencies risks arise from transactions with foreign currencies. The Group manages these risks by setting limits on transaction with other foreign currencies and counterparty and limiting its transaction business in major currencies with reputable counterparties.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024 "All amounts are in U.A.E. Dirham unless otherwise stated"

Interest rate risk

Interest rate risk arises when the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. As the Group has no interest-bearing assets or liabilities linked to market interest rates, the Group 's income, expenses and cash flows are independent of changes in market interest rates. The Group has some insignificant fair value interest rate risk arising from the fact that its cash held in bank current accounts earn no interest.

Equity price risk

The Group's listed and non-listed equity investments are susceptible to market price risk arising from uncertainties about future values of the investment securities.

b) Capital management

The primary objective of the Group's capital management is to ensure that it maintains a strong capital base in order to support its business and to sustain future development of the business. Management monitors its capital structure and makes adjustments to it, in light of economic conditions.

The Group does not have borrowings. It is financed mainly by own equity. The Group's capital management policy remained unchanged since the previous year.

The Group is not subject to any externally imposed capital requirements.

c) Fair value measurement

Fair value represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. The Group has not disclosed the fair values of its receivables, bank balances and payables because their carrying amounts are a reasonable approximation of their fair values.

d) Offsetting financial assets and liabilities

The Group does not have any financial assets or financial liabilities that are subject to offsetting, enforceable master netting arrangements or any similar agreements.
