

Dubai Financial Market allows market making service on all listed securities

Dubai, 18 November 2021: Dubai Financial Market announces the availability of market making service on all listed stocks, derivatives and ETFs.

Accordingly, a market maker licensed at the Dubai Financial Market can submit a request to select a list of securities on which he wishes to provide the market-making service, bearing in mind that since its launch in 2017, this service has been limited to a specific group of securities.
