## REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION

**The Board of Directors  
Deyaar Development PJSC  
Dubai  
United Arab Emirates**

### *Introduction*

We have reviewed the accompanying condensed consolidated statement of financial position of **Deyaar Development PJSC** (the “Company”) and its **Subsidiaries** (together the “Group”) as at 31 March 2020 and the related condensed consolidated statements of profit or loss, profit or loss and other comprehensive income, changes in equity and cash flows for the three month period then ended. Management is responsible for the preparation and fair presentation of this interim financial information in accordance with International Accounting Standard 34: “*Interim Financial Reporting*” (IAS 34) as issued by International Accounting Standards Board (IASB). Our responsibility is to express a conclusion on this interim financial information based on our review.

### *Scope of review*

We conducted our review in accordance with the International Standard on Review Engagements 2410: “*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*”. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

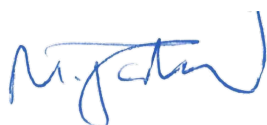

### *Conclusion*

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information is not prepared, in all material respects, in accordance with IAS 34.

### *Other matter*

The interim financial information for the period ended 31 March 2019 were reviewed by another auditor who expressed an unmodified conclusion on those information on 1 May 2019.

## NOTES TO THE INTERIM FINANCIAL INFORMATION FOR THE THREE MONTH PERIOD ENDED 31 MARCH 2020

### 1. Legal status and activities

Deyaar Development PJSC (the “Company”) was incorporated and registered as a Public Joint Stock Company in the Emirate of Dubai, United Arab Emirates (“UAE”) on 10 July 2007. The registered address of the Company is P. O. Box 30833, Dubai, UAE. The Company is listed on Dubai Financial Market, Dubai, UAE.

The ultimate majority shareholder of the Group is Dubai Islamic Bank (“the Ultimate Controlling Party”).

The principal activities of the Company and its subsidiaries (together, “the Group”) are property investment and development, leasing, facilities, property management services and hospitality related activities.

### 2. Basis of preparation and accounting policies

#### 2.1 Basis of preparation

The interim financial information for the three month period ended 31 March 2020 has been prepared in accordance with IAS 34 ‘*Interim Financial Reporting*’. The interim financial information should be read in conjunction with the Group’s annual consolidated financial statements for the year ended 31 December 2019, which have been prepared in accordance with International Financial Reporting Standards (“IFRS”) and the requirements of UAE Federal Law No. (2) of 2015.

#### 2.2 Application of new and revised International Financial Reporting Standards (IFRSs)

##### (a) New and revised IFRS Standards that are effective for the current year

The following new and revised IFRSs, which became effective for annual periods beginning on or after 1 January 2020, have been adopted in the interim financial information.

In the current year, the Group has applied a number of amendments to IFRS Standards and Interpretations issued by the International Accounting Standards Board (IASB) that are effective for an annual period that begins on or after 1 January 2020.

Their adoption has not had any material impact on the disclosures or on the amounts reported in the interim financial information.

### 2. Basis of preparation and accounting policies (continued)

#### 2.2 Application of new and revised International Financial Reporting Standards (IFRSs) (continued)

##### (a) New and revised IFRS Standards that are effective for the current year (continued)

Other than the above, there are no further significant IFRSs and amendments that were effective for the first time for the financial year beginning on or after 1 January 2020.

##### (b) New and revised IFRS in issue but not yet effective and not early adopted

<u>New and revised IFRSs</u>	<u>Effective for annual periods beginning on or after</u>
IFRS 17 <i>Insurance Contracts</i>	1 January 2021
Amendments to IAS 1 <i>Presentation of Financial Statements</i> relating to classification of Liabilities as Current or Non-Current	1 January 2022
Amendments to IFRS 10 <i>Consolidated Financial Statements</i> and IAS 28 <i>Investments in Associates and Joint Ventures (2011)</i> relating to the treatment of the sale or contribution of assets from and investor to its associate or joint venture	Effective date deferred indefinitely. Adoption is still permitted.

The Group anticipates that these new standards, interpretations and amendments will be adopted in the Group's interim financial information as and when they are applicable and adoption of these new standards, interpretations and amendments may have no material impact on the interim financial information.

### 3. Estimates and assumptions

The preparation of the interim financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

In preparing the interim financial information, the significant judgements made by the management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements for the year ended 31 December 2019.

### 4. Financial risk management

The Group's activities potentially expose it to a variety of financial risks as follows:

- Market risk (including currency risk, price risk, cash flow and fair value interest rate risk)
- Credit risk and liquidity risk.

The interim financial information does not include all financial risk management information and disclosures required in the annual consolidated financial statement, and should be read in conjunction with the Group's annual consolidated financial statements as at 31 December 2019. The Group's financial risk management objectives and policies are consistent with those disclosed in the consolidated financial statements as at and for the year ended 31 December 2019.

### 5. Segment information

#### *Operating segment*

The Board of Directors is the Group's chief operating decision maker. The Board considers the business of the group as a whole for the purpose of decision making. Management has determined the operating segments based on segments identified for the purpose of allocating resources and assessing performance. The Group is organised into three major operating segments: property development (includes sale of properties and leasing activities), properties and facilities management and hospitality related activities.

Management monitors the operating results of its operating segments for the purpose of making strategic decisions about performance assessment. Segment performance is evaluated based on operating profit or loss.

### 6. Property and equipment

The property and equipment balance includes buildings, leasehold improvements, furniture and fixtures, office equipment, motor vehicle and capital work in progress.

During the period, the Group has reclassified certain units in its existing service apartment buildings amounting to AED 350.50 million to investment properties based on change in use of those units (Note 7). The Group has a policy of depreciating assets on a straight-line method, at rates calculated to reduce the cost of assets to their estimated residual value. When parts of an item of property and equipment have different useful lives, they are accounted for as separate items (major components) of property and equipment. The Group depreciates buildings from 20 to 35 years and furniture and fixtures from 4 to 8 years. Furthermore, the depreciation expense of the Group in the current period amounted to AED 6.8 million.

Investment properties represent properties held at fair value and any fair value gain/loss under the fair value model is treated in accordance with IFRSs.

During the current period, the Group has reclassified service apartments from property & equipment to investment properties as a result of change in use of these units. These units were reclassified to investment properties at their fair value and management believes that carrying amount of the units transferred is equivalent to the fair value on the date of transfer (Note 6).

## NOTES TO THE INTERIM FINANCIAL INFORMATION FOR THE THREE MONTH PERIOD ENDED 31 MARCH 2020 (continued)

### 7. Investment properties (continued)

Investment properties with carrying value of AED 244.2 million (31 December 2019: AED 244.2 million) are mortgaged against bank borrowings (Note 12).

For retail units, parking spaces and store units, the valuation was determined using the indicative fair values of these investment properties as at 31 December 2019 provided by an independent professionally qualified valuer. The valuer has used sales comparison method to determine the fair values of these assets. Management believes that the carrying value of the Group's investment property is not materially different than its market value.

Less: Transferred to trade & other receivables	-	(2,648)
Less: Transferred to investment properties (Note 6)	-	(126,823)
	-	-

In previous years, the Company had entered into a Memorandum of Understanding (MoU) for purchase of its share in a portfolio of investment properties in a real estate project. The advance was recoverable by means of transfer of the Company's share of properties in the project. In 2018, the Company had signed an agreement where the parties including the Company will jointly allocate the project's assets in proportion to the share of each party in the project. The allocation of the Company's share of properties was completed in 2019 and accordingly these units were reclassified to investment properties at their fair value on the date of transfer (Note 6).

### 9. Properties held for development and sale

The properties held for development and sale include land held for future development, properties under development and completed properties held in inventory.

Net realisable value has been determined on the basis of committed sale price if the remaining receivable amount is lower than the current market value of the units booked by customers. For units not yet booked by customers, net realisable value takes into consideration the expected market prices.

Plots of land with total carrying value of AED 636 million (2019: AED 636 million) and properties with total carrying value of AED 157.7 million (31 December 2019: AED 157.7 million) are mortgaged under Islamic finance obligations (Note 12).

In the current period, the Group has recognised an amount of AED 23.9 million (for the year ended 31 December 2019: AED 335.3 million and for the three month period ended 31 March 2019: AED 116 million) included in the profit or loss under “direct / operating costs” against revenue recognised of AED 47.1 million (for the year ended 31 December 2019: AED 455.8 million and for the three month period ended 31 March 2019: AED 143.1 million).

In the current period, the group has transferred a plot of land amounting to AED 130.3 million to properties under construction.

For plots of land held for future development and use amounting to AED 698.2 million as at the reporting date (31 December 2019: AED 828.4 million), management is currently evaluating feasibility of the projects and considering alternative viable profitable options as well as various offers from potential buyers.

### 10. Related party transactions and balances

Related parties include the significant shareholders, key management personnel, associates, joint ventures, directors and businesses which are controlled or jointly controlled, directly or indirectly, by the significant shareholders or directors or over which they exercise significant management influence.

The Islamic finance obligations represent Ijarah and Murabaha facilities obtained from Dubai Islamic Bank PJSC (a significant shareholder), and from other local Islamic banks. The facilities were availed to finance the properties under construction and working capital requirements. The Islamic finance obligations carry market prevailing profit rates and are repayable in monthly or quarterly instalments over a period of one to eleven years from the reporting date (*31 December 2019: one to eleven years*).

The Islamic finance obligations are secured by mortgages over properties classified under property held for development and sale (Note 9), property and equipment and investment properties (Note 7). Further, certain facilities with banks are subject to financial covenants.

### 13. Trade and other payables

Trade and other payables include trade payables in normal course of business and provision relating to claims made by third parties and customers against the Group. The provisions are based on management's best estimate after considering the potential cash flows in respect of the claim on a case to case basis.

## NOTES TO THE INTERIM FINANCIAL INFORMATION FOR THE THREE MONTH PERIOD ENDED 31 MARCH 2020 (continued)

### 16. Contingencies

At 31 March 2020, the Group had contingent liabilities in respect of performance bond and guarantees issued by a bank, in the ordinary course of business, amounting to AED 8.8 million (31 December 2019: AED 7.7 million). Also, the Group had contingent liabilities, on behalf of a subsidiary, in respect to guarantees issued by a bank amounting to AED 3.4 million (2019: AED 3.4 million). The Group anticipates that no material liabilities will arise from these performance and other guarantees.

The Group is also a party to certain legal cases in respect of certain plots of land and party to various potential claims from customers and, where necessary, makes adequate provisions against any potential claims. Such provisions are reassessed regularly to include significant claims and instances of potential litigations. Based on review of opinion provided by the legal advisors / internal legal team, management is of the opinion that no material cash outflow in respect of these claims is expected to be paid by the Group in these legal cases over and above the existing provision in the books of accounts. The Group has elected not to present the complete disclosures as required by IAS 37 "Provisions, contingent liabilities and contingent assets" as management is of the view that since the legal claims are sub-judice and are disputed, therefore this information may be prejudicial to their position on these matters (Note 15).

Certain other contingent liabilities may arise during the normal course of business, which based on the information presently available, either cannot be quantified at this stage or in the opinion of the management is without any merit. However, in the opinion of management, these contingent liabilities are not likely to result in any significant cash outflows for the Group.

Further, on 25 December 2019 the Court of Cassation had issued a judgment in favour of the Group against a UAE-based property developer ("counterparty"), upholding a ruling made by the Court of Appeal in September, which had confirmed Dubai Court of First Instance's judgement to terminate all sale and purchase agreements of lands under dispute and had also ordered counterparty to return all amounts paid, to the tune of AED 411 million plus pay a compensation amount of AED 61 million due to the breach of its obligations. Following the issued judgement, the execution has been filed, which is currently under process as at the reporting date.

### 17. Financial instruments by category (continued)

The following table presents the Group's financial assets that are measured at fair value, by valuation method:

	Level 1 AED'000	Total AED'000
<b>As at 31 March 2020 (unaudited)</b>		
Equity instrument at fair value through other comprehensive income	5,120	5,120
<b>As at 31 December 2019 (audited)</b>		
Equity instrument at fair value through other comprehensive income	10,865	10,865

The carrying value less impairment provision of trade receivables, contract assets, due from related parties, bank balances and long term fixed deposit is assumed to be approximate their fair values keeping in view the period over which these are expected to be realised. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Group for similar financial instruments. Other receivables and payables approximate their fair values.

### 18. Earnings per share

Basic and diluted earnings per share is calculated by dividing the profit for the period by the weighted average number of ordinary shares in issue during the period. There were no instruments or any other items which could cause a dilutive effect on the earnings per share calculation:

	Three month period ended 31 March	
	2020 (Unaudited)	2019 (Unaudited)
Profit for the period (AED '000)	2,589	18,264
Weighted average number of ordinary shares ('000)	5,778,000	5,778,000
Earnings per ordinary share – basic and diluted (Fils)	0.04	0.32

### 19. Impact of COVID-19

The outbreak of novel coronavirus (Covid-19) continues to progress and evolve. Therefore it is challenging now, to predict the full extent and duration of its existence on the business and economic impact. As the Group is essentially engaged in property development and facilities management, short term impact may be experienced but there is no change in Management's going concern assessment or business strategy.

Group will continue to monitor the situation closely and utilize committed facilities or seek additional facilities, or take additional measures as a fall back plan in case the period of disruption becomes prolonged.
