Dear Sirs,

In reference to your inquiry concerning the news related to REACAP acquiring NAEEM consultancy services, the news is correct yet it does not qualify as substantial news, it is an internal restructuring within NAEEM group.

The company did not disclose in the Egyptian stock exchange nor in Dubai financial market since it is not substantial news, buying and selling shares in other companies is among the company's activities.

Best Regards,

Talal Akeil
Deputy CEO Finance and Administration
